General information about rented fair structures

If you have rented the fair structures from Maiseri Oy, the booth walls, headboards with labels, carpets and lights will be installed already. The walls of the departments are built from 1x2.5 meter aluminum profile elements, where the sheet part is white. If necessary, you can attach the material to the wall with tape that does not damage the wall surface. Hanging hooks are also available on site. One must not make any holes in the walls. For more information on rental exhibition structures or furniture and answers to questions related to orders, please contact Maiseri Oy, Jari Isohella, tel. 0400 680 866, Email: jari@maiseri.fi.
