

PESTI 2024 – 18.1.2024 from 9 am to 3 pm – Parking arrangements

You can park the car in two different places:

1. University of Oulu: Parking area P2 is free for use on Thursday 18th of January 2024. It is the more northern one on Erkki Koiso-Kanttilan katu -street. There are about 100 free spaces in the parking area, and you can park in any marked space, even if the space is marked as reserved ('Varattu' in Finnish). However, there are limited places and university employees also park in the area on the event day.

The university also has time-limited and paid parking spaces where you can park your car. You can familiarize yourself with the parking spaces on the map below. Please note that the parking lots fill up quickly in the morning, so we advise to be on time.

Pricing for short-term parking:

Short-term parking is chargeable on weekdays between 8:00 a.m. and 4:00 p.m. The price of short-term parking is €1/hour + fee charged by the operator, however a maximum of €5/day + fee charged by the operator. More information: <https://www oulu.fi/en/university/campuses/parking-and-reservation-parking-spaces>

2. Linnanmaa's Prisma parking lot: 2 rows from the back (on the side of Kauppalinnankatu). It's about a kilometer's walk to the university from the Prisma's parking lot. Parking spaces are not marked separately for the Pesti career day guests. The address is Kauppalinnankuja 1-3. There is no need to use a parking disc in the Prisma parking area.

There might be a lot of traffic in the Linnanmaa area in the mornings, so we advise to have enough time to arrive and find a parking space. It is also convenient to get to the university by bus, and we recommend using public transport if possible.

LINNANMAA KAMPUS
