Each compartment has an electrical outlet and a trash can.

General information about rented fair structures

If you have rented the fair structures from Maseri Oy, the booth walls, headboards with labels, carpets and lights will be installed already. The walls of the departments are built from 1x2.5 meter aluminium profile elements, where the sheet part is white. If necessary, you can attach the material to the wall with tape that does not damage the wall surface. Hanging hooks are also available on site. One must not make any holes in the walls. For more information on rental exhibition structures or furniture and answers to questions related to orders, please contact Maseri Oy, Jari Isohella, tel. 0400 680 866, Email: jari@maiseri.fi.

The departments do not include furniture. We will deliver a table and chair from the university's lecture hall equipment to your department free of charge if you have ordered them separately.
